

ROCHELLE

HI THERE!

*- It's a pleasure to "meet" you. -*

## *Why Adoption:*

I've always wanted to have a family of my own and as a single person I am choosing to create one through adoption. I had an amazing childhood and would love to provide these same types of experiences for a child. I look forward to the idea of coming alongside you in loving your child unconditionally.

## MY NOTE TO YOU:

Thank you for taking the time to get to know me! I hope that you see all of the love I have to share in my heart through these pages.

I won't pretend to understand what you are going through and how hard this decision may be to choose an adoptive family. I appreciate you looking at my book because it is my heart's desire to become a mom, and I am choosing to do this through adoption. I adore children and want to raise a child where they can learn from me and I can learn from them.

My greatest desire is to provide a happy and caring life for your child. I have had a glimpse into how both rewarding and challenging that parenting can be through time with my niece and nephew. My time with them makes me want to raise children even more. As you go through this journey, I am sending positive thoughts and love to you and your child.

## GET TO KNOW ME:

### *My Background:*

I grew up in the Midwest, and my earliest childhood memories are spending time with family, cousins, and friends at birthday parties, the local pool, park, and our backyard. I remember spending a lot of time outdoors after school and during the summer. Attending the county fair, camping, and vacation were fun summer events to always look forward to! My growing up years were very happy, and family life was very solid, predictable, and consistent. I'd like to pass these same experiences on to my child.

### *My Career:*

I work in marketing at a tech company. The company I work for is family-friendly and understands when the workday needs to be flexible because of a child being sick, having activities, doctor appointments, etc. At work, I am regarded as being loyal, dependable, and committed to my work. I plan on taking a minimum of five months off at the time of adoption. At some point, I would like to go back to work part-time or full-time and likely have my child in daycare and/or pre-school.

*I would be honored to share  
the life I have built with  
a child - I have so  
much joy and  
love to share!*

## Things I Love:

### 01. TIME WITH FAMILY AND FRIENDS

Maximizing time with family and friends is very important to me! This may be hanging out with the family for Taco Tuesday or Friday Pizza night or enjoying a sunny vacation with friends! I enjoy cheering on my niece and nephew while they play at their sports activities! I prioritize having a packed calendar with loved ones!

### 02. GIVING BACK

I currently volunteer for an organization called Back on My Feet where I mentor an individual trying to secure a job. I meet with this contact weekly to discuss goals, steps, and ideas to search and secure a job. It's also been important to me to encourage individuals to get out and vote in elections.

### 03. TRAVELING

I take vacation often and want to ensure I take an annual vacation (or even more!) with my child. I love to travel and have had the opportunity to travel internationally for work, but I also love a good weekend road trip.

### 04. MUSIC

Attending musicals and concerts are such a love of mine! I often have music on in the background and listen to my favorite playlists while running! I played piano growing up, and some of my favorite concerts have been Elton John, Cher, Gwen Stefani, and Billy Joel!

## *Words from friends...*

"We trust Rochelle implicitly with our children. Over the years, she has babysat our children and even arranged playdates with her niece and nephew. When Rochelle engages with a child, she kneels to their level, talks in a soft voice, and listens carefully. She is quick to laugh and to encourage a child to explore. I have seen her handle even the toughest moments of childcare with grace and flexibility. Rochelle comes from a close-knit family.

Rochelle rejoiced when her brother and sister-in-law had their two children, and she became a very actively-involved aunt. Rochelle's love of family perforates her life. Her bulletin board at work (when she worked in person) is covered with art from her niece and nephew (as well her friend's children). She speaks daily with her mother and/or brother and treats her friends as extensions of her family. She was raised to be kind, trustworthy, caring, and hard working."

---

"The combination of Rochelle's beautiful character, her genuine kindness and love for others, especially children, her continual effort to make her family and friends priority, her nurturing and caring nature, as well as her financial stability, independence, and amazing work ethic, will make Rochelle a wonderful mom."

## *Thoughts on becoming a mom:*

---

The possibility of being a mother means the world to me. I am looking forward to the "firsts" - seeing them accomplish small and big milestones, watching them persevere through challenges, and discovering their passions and joys.

# My Home and Community:

---

I live in an updated condo which includes two bedrooms and two bathrooms. I am so excited to fill my home with the joy that a child brings. My home will be a place of fun and peace for a little one.

The community that I live in is very amazing! The school district provides high quality education. Near my condo, there is a great park where there is a playground, tennis and basketball courts, and a pool. The library is also within walking distance from my condo. There is also an amazing lake that is just a walk away. By taking a short drive you can be in the mountains where you can hike, ski, and see amazing views.

My family is FULL of great people! My mom's name is Arliss. I have one brother named Scott, and he is married to Alissa. They have two amazing kids, Addi (9) and Bode (6).

I am very close to my mom, brother, sister-in-law, niece, and nephew. I see them at least a few times a month. They are definitely excited to have another member of the family. There is no doubt that the kids will be so happy to have a new cousin!

MEET MY  
FAMILY:

### *Time Together:*

My mom and I enjoy taking day trips to the coast and also visiting different cities across the United States. We love going to musicals and concerts. During the summertime, we typically are outside in the evenings and weekends trying to maximize the sunshine and warm temps. In the wintertime, we are more indoors which may include watching funny shows on Netflix and playing board games with the kids. Time spent with my niece and nephew may include going out for donuts, skiing, or going to the bookstore or local park.

### *Celebrations:*

Holiday traditions are common in our family. We take advantage of any moment we can celebrate with one another or cheer each other on! From Christmas Eve game nights or weekend-long birthday celebrations, we love to find joy in the big and small things of life. I am so excited to have my own child join in on the fun and special traditions.

## *My Future:*

---

For now, I plan to stay in the community that I am in. My mom, brother, and his family are about a three-hour drive away, so it will be great to see them often with my child. I do plan to travel and would like to try to get a few trips in each year so my child can see different sites and have adventures. I potentially will choose to adopt a second child.

**I WOULD LOVE TO HEAR ABOUT THE HOPES AND DREAMS YOU HAVE FOR YOUR CHILD'S FUTURE. THE THINGS THAT ARE IMPORTANT TO YOU ARE IMPORTANT TO ME.**

## *My Faith:* \_\_\_\_\_

I believe in God and Jesus and want to expose my child to church and give them the opportunity to decide what they believe in. I want to teach my child to prioritize family and friends, work hard, be kind, and give back. I believe living with these values brings more joy and fulfillment to life!

## *Education:* \_\_\_\_\_

I plan to have my child attend public school. I would love for my child to attend college and get the opportunity to find out the type of profession they would like to have, meet people, participate in clubs, etc. I will support my child's endeavors to pursue their dreams through encouragement, positive reinforcement, and giving them the runway to decide what they would like to do for their future.
